Department of Consumer Affairs
Position Duty Statement
HR-041 (new 07/2015)

Classification Title Information Technology Associate	**Board/Bureau/Division** Office of Information Services
Working Title Service Desk Technician	**Office/Unit/Section/Geographic Location** Client IT Support Services / Sacramento
Position Number 637-120-1401-001	**Name and Effective Date**

General Statement: Under the general supervision of the Client IT Support Services (CISS) Information Technology (IT) Supervisor II, the Information Technology Associate (ITA) maintains, installs, and supports and resolves problems for the Board of Vocational Nursing and Psychiatric Technicians' (BVNPT) automated software programs, information technology systems, hardware, and telecommunications systems. The ITA is responsible for end-user support and office automation tasks throughout BVNPT. The ITA offers solutions-based responses to inquiries, requests or directives, and is customer service focused. The ITA assists both BVNPT staff and Board members. Duties include, but are not limited to, the following:

A. Specific Assignments [Essential (E) and Marginal (M) Functions]

25% User Support (E)

Install and support all desktops, laptops, printers, monitors, mobile devices, copiers and other peripherals (e.g., scanners, projectors, Label Writers etc.) as needed. Resolve hardware problems of moderate to complex in nature. Install and support all software used by BVNPT including, but not limited to, various Windows Operating Systems, Microsoft Office Suite, Adobe Acrobat and Visio. Provides PC desktop support services by installing, upgrading and troubleshooting day-to-day and long-term user problems. Resets user passwords and adds new user accounts to the LAN and various mainframe systems used by BVNPT. Provides in-house computer training to BVNPT employees including new employee orientation log-in procedures and use of BVNPT's local area network.

Install, configure and supports Virtual Private Networking (VPN) for telework employees. Provides telephone/email support to BVNPT's teleworking employees who experience computer-related problems. Install and support all office VoIP desktop phones; configure Smart Phones to connect laptop to VPN for teleworkers. Provide training to staff on how to connect to the VPN, how to use a hot spot, and any other related teleworking technology issues.

20% Systems Administrator (E)

Conduct the installation, configuration and maintenance of hardware and software. Act as security coordinator and obtain access for new and existing users, reset passwords, add or remove access to screens. Act as the administrator for the NURSEYs and NCSBN systems. Reset user passwords

and add new user accounts to the LAN and BreEZe, and BVNPT's Alarm/Security System, and BVNPT's Badge system. Manage and monitor BVNPT's telephone system for staff, including the Verizon Auto Attendant (telephone tree) and Incontact Queue system. Ensure that all systems are operating efficiently and effectively at all times. Research telecommunication products to be purchased for office staff for functionality and compatibility. Back-up in performing elementary troubleshooting and analysis of faulty phone equipment.

Manage BreEZe updates and trouble shooting. Acts as the BVNPT representative at DCA meetings concerning BreEZe and other technology related issues. Serves as liaison with the department's information technology staff and outside contractors when the various systems are down. Works with DCA Office of Information Systems (OIS) on service requests and problem resolution. Identifies when new equipment or upgrades are required, obtains necessary bids for system and/or software purchases, and ensures installation is completed as specified.

20% Statistics (E)

Supplies data required by DCA, the Department of Finance, Secretary of State, Business Consumer Services and Housing Agency, the Legislature, and the Legislative Analyst's Office. This includes, but is not limited to, compiling required data for reports such as the Annual Report, Sunset Report, AB 2138 reporting, and data reports needed to accompany rulemaking packages or respond to legislative inquires/bill analysis.

Independently compiles and reviews for errors complex statistical data relating to BVNPT's Divisions, including all possible metrics measured in the DCA BreEZe system, Access databases, or excel databases. Metrics compiled include all information available through BreEZe pertaining to licensing, intake, investigation, probation, formal discipline processing timelines, and pending, and completed volumes, as well as data reported to BVNPT by DCA's Division of Investigation.

15% Procurement and Equipment Inventory (E)

Create and maintain a database of all BVNPT equipment (e.g. desktops, monitors, laptops, printers, scanners, label writers, projectors, etc.), software licenses (Adobe Pro, Visio) and box drive accounts that meet the Department of General Services (DGS) State Administrative Manual (SAM).

Analyze and evaluate staff needs for all desktops, laptops, monitors, printers, VoIP desktop phones, Smart Phones and other peripherals and software (e.g. Microsoft Word, Excel, PowerPoint, Access, Adobe Acrobat, Visio, etc) used by BVNPT.

Distributes equipment as needed, and orders new technology equipment as needed. Keeps management apprised of equipment needs and creates a replacement plan that ensures that all equipment is modernized, safe, and useable.

Identify and provide specifications and justification for current and future technology needs for Schedule 9 Equipment Schedule for budget office. Determine reassignment or surplus of outdated equipment. Works with DCA Headquarters and DGS to surplus out equipment. Keep IT equipment room clean and organized.

10% Website Maintenance (E)

Assists in development and maintenance of BVNPT's website to ensure all information is current. Creates, uses and maintains an IT checklist for all items and material that are relevant to BVNPT and that needs to be reviewed and updated on an ongoing basis. Complete any needed tasks in a timely manner.

Develop and revise various forms for uploading to BVNPT's website. Makes documents compliant with the Americans with Disabilities Act (ADA), Assembly Bill 434, California Govt Code Sections 7405 and 11135, and Website Content Accessibility Guidelines (WCAG) 2.0 (or subsequent revisions). Ensure all documents are WCAG compliant.

Attends Department of Technology and DCA Internet User Group meetings. Advocates for BVNPT, its staff, and resources during these meetings. Reports out from these meetings to the Executive Office (EO), Assistant Executive Officer (AEO) and any affected Division Chief or manager.

10% Special Projects (M)

Develop and document business requirements, assist in developing standards, create test scenarios and perform acceptance testing on complex database applications. Create and maintain written and documented policies and procedures for all aspects of the position and ensures that the documents are located on the sharedrive for all staff to access.

Coordinate and monitor all BVNPT forms. This includes ensuring the correct versions are ADA compliant and posted on the website and that the forms follow correct naming conventions.

B. **Supervision Received**

The ITA works under the general supervision of the Client IT Support Supervisor, IT Supervisor II, and may receive assignments from Information Technology Manager Is and IIs, and the OIS Chief Information Officer (CEA B), and the OIS Chief Information Office (CEA C).

C. **Supervision Exercised**

None.

D. **Administrative Responsibility**

None.

E. **Personal Contacts**

The ITA has daily contact with the BVNPT staff, Board members, EO, AEO, Supervisor II's and Supervisor I's for assignments and direction; with Licensing, Enforcement and Education Division staff regarding the alarm system, telephone issues, PC support and maintenance issues; occasional to frequent contact with information technology staff representing the National Council State Boards of Nursing (VN computer-administered examination) and Experior (PT computer-

administer examination); and occasional to frequent contact with the DCA's OIS regarding Lotus Notes, ATS, CAS, ETS, LAN, WAN, internet website, PC support and internet user support issues.

F. **Actions and Consequences**

Failure to properly maintain BVNPT's computer software programs and information technology systems will jeopardize the health, safety and welfare of consumers by preventing BVNPT staff from performing all of the required job functions.

G. **Functional Requirements**

The incumbent works 40 hours per week in an office setting, with artificial light and temperature control. Daily access to and use of a personal computer and telephone is essential. Sitting and standing requirements are consistent with office work. The incumbent must occasionally move about inside the office to access office machinery. The incumbent must constantly operate a computer and other office productivity machinery, such as a copy machine. The incumbent must be able to remain in a stationary position 50% of the time.

The incumbent must be able to demonstrate his/her ability to perform various physical tasks. In an 8-hour shift, the incumbent will routinely:

Stationary/Traverse	Continuously
Travel	Occasionally
Position/move self under or over desk, computer closet, etc. Ascend/Descend	Occasionally
Reach/Stretch	Occasionally
Push/Pull	Occasionally
Transport/move, up to 20 pounds	Occasionally
Twist	Frequently
	Occasionally

The incumbent must operate a computer and other office productivity machines, such as calculators, copy machines and hand tools in order to perform repairs on PCs, notebooks and their related internal components.

Occasionally =	1 to 33% of workday
Frequently =	34 to 66% or workday
Continuously =	67 to 100% of the workday

H. **Other Information**

The incumbent must be able to reason logically and creatively and utilize a wide variety of skills in order to resolve enterprise-wide technical connectivity issues, application development and multiple system interface issues. Additionally, the incumbent must be able to communicate and resolve business related issues/problems that require a technology solution. The incumbent must be able to develop and evaluate alternatives, research and present ideas and information effectively both orally and in writing. Incumbent must be able to consult with and advise interested parties on IT subjects; gain and maintain the confidence and cooperation of those contacted; accurately assign priorities to multiple projects at any given time and to remain flexible at all times. The incumbent shall operate to protect the cyber security of individual departmental staff, the Department's network and infrastructure, and all data assets.

Criminal Offender Record Information (CORI)
Title 11, section 703 (d) of the California Code of Regulations requires criminal record checks of all personnel who have access to Criminal Offender Record Information (CORI). Pursuant to this requirement, applicants for this position will be required to submit fingerprints to the Department of Justice and be cleared before hiring. In accordance to DCA's CORI procedures, clearance shall be maintained while employed in a CORI-designated position. Additionally, the position routinely works with sensitive and confidential issues and/or materials and is expected to maintain the privacy and confidentiality of documents and topics pertaining to individuals or to sensitive program matters at all times.

Conflict of Interest (COI)
This position is subject to Title 16, section 3830 of the California Code of Regulations, the Department of Consumer Affairs' Conflict of Interest Regulations. The incumbent is required to submit a Statement of Economic Interests (Form 700) within 30 days of assuming office, annually by April 1, and within 30 days of leaving office.

In all job functions, employees are responsible for creating an inclusive, safe, and secure work environment that values diverse cultures, perspectives, and experiences, and is free from discrimination. Employees are expected to provide all members of the public equitable services and treatment, collaborate with underserved communities and tribal governments, and work toward improving outcomes for all Californians.

Required Technical Knowledge
